**SECTION B: (60 MARKS)*****Attempt Question 11 and ANY OTHER TWO questions from this section***

Printed By: Technical And Vocational College

11. Brian is a 16-year-old secondary school student who has recently shown signs of drug abuse. Reports from his teachers indicate a sharp decline in academic performance, frequent absenteeism, and withdrawal from school activities. At home, his parents describe him as irritable, in conflict with his siblings.

Printed By: Technical And Vocational College  
Date: 19.11.2025 02:27 PM

During a home visit, you observe that the family environment is tense and there is minimal communication between Brian and his parents. His father works long hours and is rarely available, while his mother reports being overwhelmed by household responsibilities. The family has limited financial resources, and there are no structured recreational activities for Brian.

Printed By: Technical And Vocational College

The school administration has warned that if his behavior does not improve, disciplinary action may be taken. His parents are worried about his future and have sought the intervention of a social worker.
